A procession of all the Lodges under its jurisdiction will be formed on that day at 10 o'clock, A. M., at the Masonic Hall, corner of King and Wentworth Streets, and an ADDRESS suitable to the occasion, will be delivered by Brother SAMUEL HENRY DICKSON, M. D., Past Master of Orange Lodge, No. 14.

The period of the year when the celebration will take place, seems to the Committee of Arrangements to be favorable for a general attendance of Masons throughout the State, and as every effort will be made to procure a reduction of fare on Railroads and Steamboats for those who attend the celubration, it is hoped that no Mason who can attend will be absent.

THE HYDROMAGEN.

OR WATERPROOF ANTI-CONSUMPTIVE CORK SOLES.

The HYDROMAGEN is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many Lung diseases, without any doctoring whatever. The Hydromagen is in the form of a sole, and worn inside the boot or abov. Its medicated character is a powerful antidute to disease.

For Gentlemen it will be found agreeable, warm, and

tidote to disease.

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; white Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely superseds overstoos, as the latter cause the feet to perspire in a very unbeatthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being a stere thin slice of cirk prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their yearly doctor's bill much diminished thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh and Berlin our sales renched 1,782,450 pairs of Cork Soles. This year the number will far surposs that.

Ask the Faculty their opinion of their value as a preventative for COUGHS, COLDS, BRONCHITIS, ASTHMA and CONSUMPTION.
